## SNOWIE 3000 ICE SHAVER

For the best in shaved ice the Snowie 3000 is in a class by itself. It's quick, fast and reliable. Just pour in the ice, step on the peddle and out comes a snow that truly rivals Mother Nature's own. This machine has a built in drip pan and a self cooling  $\frac{3}{4}$  hp motor that allows you to shave Snowie after Snowie all day long. This machine will turn an 8 lbs. bag of ice into snow in just over a minute. That's about 18 Snowie's a minute. That's why Pinnacle Amusements has put this high output machine in our Concession Trailer.
